Micron Coatings Product Summary.....11

Who is NeverStrip?

NeverStrip was founded in 2010 with a mission to offer alternative floor coatings and sealers to replace the last centuries' floor care products. NeverStrip now manufactures and provides a broad and leading edge family of 21st Century floor care products to floor care maintenance contractors servicing the commercial, industrial and residential markets throughout the USA and Canada.

Micron Systems = Solutions!

The Micron product portfolio provides systems that create solutions across all types of hard surface materials.

Available Sizes	Pint	Gallon
Units	12	4
SKU	TGR...PT	TGR...GAL

Slip Resistance Solutions. Liquid Grip has been engineered for use on any hard surface flooring including: Ceramic, Porcelain, Stone, Terrazzo, Concrete, Sheet and Vinyl Tile. This two-step process starts with a fine aggregate solution applied by roller, followed by an application of part 2 to lock in the aggregate. Liquid Grip is used in wet environments such as: shower floors, locker rooms, restrooms with showers or tubs, pool decks, outdoor patios. Note: Liquid Grip is not designed to be used on flooring that is submerged in water.

Slip Resistance Solutions

MADE IN USA

Liquid Grip

Micron Sealer for Wet floor Traction

- Use on any hard surface flooring
- Step 1 - quart bottle with fine aggregate
- Step 2 - quart without aggregate
- Apply with foam roller

Available Sizes	Kit
Units	1
SKU	CNSLIQGRIPKIT
Coverage/Unit*	500 sf

*Per coat

The Micron Solutions portfolio includes all the pads necessary for sealer application, restoration, burnishing and polishing. Hard surface flooring use includes LVT, sheet vinyl, concrete, stone and terrazzo.

Diamond Pads

Micron Diamond Encrusted Pads are a premier, European made, pad for use with stone, terrazzo and concrete surfaces. These pads are preferred by technicians for easier control, reduced vibration compared to diamond pucks, reduced dust and consistency in coverage from one pad to the next.

Coarse - 220 grit

Used to buff out surface scratches- typical 1,000 sf of coverage for wet polishing. Single sided use.
Sizes available: 3", 7", 17", 20"
Pads per carton: 5

Hone - 800 grit

Typical coverage 1,500 sf of coverage for wet polishing. Single sided use.
Sizes available: 3", 7", 17", 20"
Pads per carton: 5

Satin - 1,800 grit

2,000 sf typical coverage for wet polishing. Single sided use.
Sizes available: 3", 7", 17", 20"
Pads per carton: 5

Shine - 11,000 grit

2,500 to 3,000 sf typical coverage for wet polishing. Single sided use. Shine pad can also be used to burnish NeverStrip Micron sealers for an attractive, high shine appearance with 15,000 to 20,000 sf burnishing coverage.
Sizes available: 3", 7", 17", 20", 27"
Pads per carton: 5
