

Bowl to Bowl Game

This is a loose leash walking game combined with Magic Hand. 2 times the fun!

- Start with 2 empty bowls about 15 to 20 feet apart.
- Starting in the middle of the line of bowls with your dog at your side, warm up your Magic Hand skills.
- Add walking toward one of the bowls, continuing to play magic hand.
- If your dog remains focused on you and ignores the bowl as you approach, you can toss a treat in the bowl and cue your dog to "GET IT".
- Wait or cue your dog to return and resume playing magic hand as you walk toward the other bowl. Reward in the bowl if they ignore it.
- Repeat.

Level up: Pre-place a treat in one of the bowls and play the game again.

Level up again: Pre-place treats in both bowls and play the game again.

Troubleshooting

If your dog pulls ahead towards the bowl, turn away from the bowl and continue Magic Hand. If your dog lags behind, surprise them by racing ahead and rewarding in the bowl.
