

Orientation Are You Listening?

Pick and prime up a few known behaviors that you have on a verbal cue.

- Sit
- Down
- Stand
- Turn/Spin
- Middle Go to a boundary
- Others...

Play orientation game. Toss a treat to your right, mark the head turn (Yes!). Toss a treat to your left and mark the head turn. Repeat several times.

Throw in a verbally cued behavior instead of your marker word as the head turns.

Mark and reward correct responses. Then toss a treat to restart the game, marking for head turns only for a few repetitions.

Level up. Cue a behavior as the dog is going for the next tossed treat. Mark and send the dog to get the treat.

Mistakes will happen. That is okay! This is FUN!

Just cue the behavior and reward the correct responses.
