

Walking on Sunshine

Loose leash walking game with surprise rewards.

- Start with 2 empty bowls about 15 to 20 feet apart.
- Starting in the middle of the line of bowls with your dog, move around watching your dog for any form of movement with you on a loose leash.
- When your dog is close, balanced, and focused on you, surprise them by sprinting to the closest bowl, dropping a treat in for your dog to eat.
- Be generous with your wins in the beginning, capturing check-ins and closeness.
- Repeat. Gradually increasing the amount of balance and focus you get from your dog before racing and rewarding.
- Level up: Pre-place a treat in one of the bowls and play the game again.
- Level up again: Pre-place treats in both bowls and play the game again.
