# Big Island of Hawaii

— FAIRMONT ORCHID - LUXURY HOTEL —

*The Hawaii Island, also known as The Big Island, is the most volcanically active of all the Hawaii islands. Covering 4,028 square miles, it is also the youngest and largest of all Hawaiian Islands, twice the size of all the other major islands combined. It boasts some of Hawaii's most varying landscape. Travelers will marvel at the dramatically different temperatures and scenic beauty that span across each diverse area.*

*If you like beaches, you are in luck. The Island of Hawaii features some of the most picturesque and varied beaches in the world, with amazing white, black, and even green sand beaches. Some of the best beaches are Hapuna and Muana Kea beach, Punalu'u beach featuring black sand and turtles, and Papakōlea with green sand. From beautiful resort beaches, to rugged off the-path sands that are wild and rewarding, there is much to explore.*

*The fresh and local produce is at your fingertips throughout the region, whether you're splurging on an elegant beachside dinner, feasting on a kalua pig and poi at a luau, or grabbing a quick al fresco lunch of grilled shrimp and slaw from a food truck. From traditional Hawaiian cuisine to refined New American fare and a variety of Asian cuisines, the choices are as vast as the landscapes.*

*The Big Island spans 8 out of the world's 13 climate zones and the activities you can enjoy here are almost as distinct. Two of the five volcanoes that created the island are still active, you can snorkel over tropical reefs, enjoy a sunset snowball fight on the summit of Mauna Kea a few hours later, or go on an unforgettable Manta Ray night dive.*
