

Capabilities Overview

KCM Technical Inc. is a Troy, MI based executive search and contingent labor supplier for Engineering, Industrial Automation, Professional and Legal recruitment services. We believe that diversity drives innovation, and we simply match clients with candidates to create a mutually beneficial employment partnership.

A few highlights of our service offerings and what we can deliver are as follows:

- › Placement presence and affiliate partner locations in over 20 states; Offering customizable executive search, contract, contract to hire, and pay rolled staffing engagements.
- › Dedicated immigration employment services department paired with a top ranked Immigration legal counsel. E-Verify employer that has expertise with H-1B Visa, TN Visa and Green card (PERM) employment sponsorships.
- › Strategic sourcing outside client's measurable search tools. 75% of hires are from active strategies that provide clients with access to candidates that may also not be on the visible market.
- › Efficient remote hiring process and on-boarding process for both domestic and international candidates with secure document retention and personal data storage.
- › National safety and compliance department committed to employee safety programs and initiatives. Federal and statutory reporting and compliance (*OSHA, DOT, UCSIS etc.*)
