Love Notes

Our wedding day was the best day of our lives! Having our reception at the Seville was a GREAT decision. We had visited a lot of wedding venues in the Chicagoland area and the Seville truly stood out to us as they offered exactly what we were looking for i.e. up lighting, dancing on the clouds, cold sparklers, trusted list of vendors, delicious food, etc. It was an easy choice to make too, once we met some of the great people who work at this venue.

We met with Desiree two years ago which is one of the wedding coordinators at this beautiful establishment. She was there for us since day 1 and ensured we got everything we wanted for our wedding and MORE! There were others that were great as well that I'd like to give a shout out to which include the IT crew specifically Eugenio who went out of his way to make sure all the audio & visuals worked correctly before our big day. Tammy is another great wedding coordinator that was able to help us a lot.

Lisa was very nice as well and helped us check in all our lovely wedding decor and made sure we got everything back the next morning plus extra sweets and our cake topper. Also, big thank you to our day of wedding coordinator Yesenia! She ensured we got everything we wanted and needed on our actual wedding day and everything turned out perfect!

This is truly a beautiful, well kept venue with amazing packages available and endless options to add to your day. The food is delicious and the food tasting is a great time to enjoy all their food prior to picking your menu! Private bridal suite will be given to you as well for the day of your wedding. We greatly miss our wedding day and if you're stuck on whether or not you should make the Seville your wedding day venue believe me when I say they will do everything they can to make your day THE BEST. VERY HAPPY BRIDE AND GROOM HERE!
