Action Items JDSC/JNSA and Open Discussion

1. JDSC/JNSA - develop a program to expand points of community action and involvement
2. JDSC/JNSA - develop DarkSky lighting rebate grants program (model after Truckee, CA program)
3. JDSC/JNSA - develop/expand educational program
 - o Create general DarkSky responsible lighting education letter - all types of lighting issues - not necessarily for violations
4. JNSA - develop volunteer program
5. JNSA - develop membership program
6. JNSA - develop Be a Star program

JDSC and JNSA can prioritize these action items and create teams to accomplish them. Like the COJ's DarkSky application effort, this is a marathon and not a sprint. We need to pace ourselves and adjust to the resources we have available. As we have discussed, we will need to recruit volunteers to help us develop and grow these programs!

See attached COJ Resolution No. 2024-R-531 for purpose and mission of JDSC.
