Thank you for your support of Loveland Choral Society!

LCS is a community choir made up of people of all professions and backgrounds, from engineers to store clerks to doctors to teachers to students. In order to make our musical performances accessible to our community, we strive to keep ticket prices as low as possible. Our singers are volunteers who pay dues to participate in our three concerts each season. Our continued success depends on the support of the northern Colorado community via ticket sales, donations, and sponsorships. You can be a part of this effort by sponsoring a slide to be shown on the screen before and during intermission at each of our 11 performances in the Rialto Theater each season. Your sponsorship helps us to be able to continue to promote choral music in Colorado and to support local orchestra/band players.

ART IDEAS! If you would like to use your sponsor recognition art to advertise your business, show a picture of your cute cat or dog, or even your beautiful family, great! No politics, please.

Want to buy 2 or more slides to show off more of the things you love? Awesome! Just multiply the sponsorship amount by the number of slides you would like. If you need assistance putting together some art for yourself or your business, please email AmandaHenderson80538@gmail.com.
