October 13, 2026

PRINCIPAL'S CORNER

GLA hosted its annual High School Fair, welcoming 19 high school, scholarship, and community program representatives to connect with our 6th–8th grade scholars and their families. Through conversations with school representatives, scholars gained insight into academic programs, extracurricular activities, specialized opportunities, admission requirements, and scholarships.

The High School Fair is an important part of preparing our scholars for a future of their choice. It empowers students to make informed decisions, build confidence, and take an active role in shaping their educational journey.

I want to extend a special thank you to Ms. O'Leary and the High School Bridge Program for hosting such an engaging event and for their continued commitment to our students' success beyond GLA!

I also want to provide another reminder that Parent-Teacher Conferences are this Friday, October 16, from 11 a.m. to 7 p.m.! This is a valuable opportunity to connect with teachers, review your scholar's progress, and discuss ways to support their continued growth and success.

If you have not already done so, please refer to the email sent on October 9 for details on scheduling appointments and what to expect at conferences. We look forward to connecting with our families!

Race to 10: Circle of Champions

Get ready for an exciting year of attendance, teamwork, and BIG rewards! Our Race to 10 program is leveling up, giving classrooms even more chances to celebrate great attendance, earn rewards and compete for an unforgettable end-of-year field trip. We are excited to launch our Race to 10: Circle of Champions initiative. Here are the rules:

- Two Race to Ten Wins: Each classroom can win the traditional Race to Ten incentive up to two times during the school year by banking 10 qualifying attendance days.
- Graduate to the Champions Circle: After a classroom earns its second Race to Ten win, it moves into the Champions Circle. Each additional time that classroom banks 10 qualifying attendance days, it earns 10 raffle tickets toward the end-of-year grand prize.
- Champions Circle Grand Prize: At the end of the year, one Champions Circle classroom will be selected to receive a major field trip experience—either Great America or Immersive Gamebox. Each student in the winning classroom may also bring one parent or guardian on the trip

Attendance really makes a difference, so we encourage all families to help students be here every day and ready to learn as we work towards our school attendance goal of 93.7%!

Monthly Reading Tips

LOWER SCHOOL FAMILIES READING TIP: Talk About What You Read

This month, encourage your child to become an active reader by talking about books at home. After reading, ask questions such as, **“What happened in the story?” “What was the most important part?” “What did you learn?”** or **“What was your favorite part?”** For younger readers, looking at the pictures and retelling what happened is a great way to build comprehension. For older students, encourage them to explain their thinking and support their ideas with details from the text. A simple conversation about a book can make a big difference in your child's reading growth.

MIDDLE SCHOOL FAMILIES READING TIP: Read the news together.

Reading doesn’t have to stop when the book closes.

Choose a news story, headline, or current event to read together each week. Then, talk about it. Ask your child what they think, how the story connects to their world, and what evidence from the article shaped their thinking.

Try asking:

- What is the most important idea in this story?
- What do you think about it? Why?
- What evidence supports your thinking?
- What questions does this story make you wonder about?

These simple conversations help middle schoolers become stronger readers, thoughtful citizens, and confident thinkers. Even ten minutes of thoughtful reading and discussion can make a difference!

📸 Picture Day Is Coming Soon!

We are excited to announce that **Picture Day is Thursday, October 22nd!**

Picture Day is a great opportunity to capture a special moment in your scholar's school year. **Pre-order forms will be sent home with students next week.**

Picture Day Dress Code Reminder

Students **may dress out of uniform for Picture Day**, but all outfits must still follow GLA's school dress code guidelines.

When choosing your scholar's Picture Day outfit, please remember that the following are **NOT allowed**:

- Clothing with profane, inappropriate, or offensive messaging
- Visible undergarments or clothing worn as outerwear
- Midriff-exposing tops
- Hems shorter than **three inches above the knee**
- Hoodies or hooded shirts — these must be placed in lockers before class

Important: Students who do not follow the dress code will receive a referral and **will not be permitted to have their picture taken**.

Thank you for helping us make Picture Day a fun and successful day for all of our scholars!

Important Medical Requirements – 2026–27

Please be aware of Illinois medical requirements for the upcoming school year:

- **Incoming Kindergarten: Physical, required immunizations**
- **Incoming 6th Grade: Physical, required immunizations**
- **All other grades: Required immunizations and any medical documentation applicable to the student's grade level or enrollment status**

If your student is currently not medically compliant with their required health documentation, you should have received an email and text message with information about the specific requirements that are still outstanding.

Submit all required medical documentation to the school by Thursday, October 15, 2026, to avoid medical exclusion.

If your student has an **upcoming medical appointment** to complete a required physical or receive required immunizations, **proof of the scheduled appointment must be submitted to the front office before the medical exclusion date**. Providing proof of a scheduled appointment will prevent medical exclusion while the family is waiting for the appointment.

If we do not receive the required documentation or proof of a scheduled appointment by the deadline, your child **will be medically excluded from attending school** until all outstanding health requirements are completed and the school receives and verifies the appropriate documentation.

Medical exclusion is not a disciplinary action or suspension. It is a health requirement that schools are required to follow under Illinois law.

Questions? Contact **Ms. Thunherst at 773-530-3040 or sthunherst@glachicago.org**.
Family Medical Resources: Click Here for a list of local health centers and clinics that may offer free or reduced-cost services to assist families with physicals, immunizations, and other basic medical needs.

- **Illinois Minimum Health Requirements: Information outlining the minimum health requirements for students as required by the State of Illinois. English Spanish**

We encourage families to review these resources and schedule any necessary appointments as soon as possible.
