PAYMENT POLICY

As a service to our patients with insurance, we fill out and send your insurance claim into your insurance carrier. Upon admission to Charlotte Pain Mangement Center, you have contractually agreed to pay for services rendered to you. If you have health insurance coverage, CPMC will agree to file your initial claim(s) provided we have complete information at the time of service. However, your health insurance contract(s) is between you and the insurance carrier. Because of this relationship, you have a primary responsibility to pay for the services and provide follow-up communication with your health insurance carrier(s) if necessary. Should insurance reject your claim, for any reason, you are financially responsible. If your health insurance coverage requires you to pay a deductible, percentage and/or co-pay, these amounts will be due the day of service. We will try to give you an estimate of the amount you may owe before your visit upon request. If we are contracted providers with your plan, you are not eligible for any additional discounts beyond the discount agreed upon with your health insurance carrier.

- We require all balances to be paid in full by a patient sixty (60) days after processing of claim(s) by insurer.

Your responsibility is to know you plan:

- Know your yearly deductible and when it is due
- Know your maximum allowed fee for services in a calendar year.
- Know your visit co-pay and be prepared to pay at time of service
- Know that you have to follow up on claims submitted to your insurance company.

UNINSURED ONLY

A new patient office visit for patients without insurance is $295.00 and will require a $100.00 deposit when we receive this packet. The deposit is 100% refundable provided you cancel your appointment with at least 48 hours' notice, less than 48 hours cancellation will result in forfeiture of deposit. Follow up appointments are $230.00.

We do not accept attorney liens. All services must be paid for on the day of your appointment. No payment plans are available at this time.

I have read and understand the office policy on payment for services rendered by Charlotte Pain Management Center.

HIPPA PRIVACY CONSENT FORM

The Department of Health and Human Services has established a "Privacy Rule" to help ensure that personal health care information is protected for privacy. The privacy rule was also created in order to provide a standard for certain health care providers to obtain their patients consent for uses and disclosure of health information about the patient to carry out treatment, payment or health care operations.

As our patient, we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information and information about treatment and payment of heal care operations, in order to provide health care that is in your best interest.

We also want you to know that we support full access to your personal medical records. We may have indirect treatment relationships with you (such as laboratories that only interact with physicians and not patients) and may have to disclose personal information for purposes of treatment, payment or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of you Personal Health Information (PHI) but this must be in writing. Under the law, we have the right to refuse to treat you, should you close to refuse to disclose your PHI. If you choose to give consent in the document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPAA compliance officer. You have the rights to review our privacy notice, to request restrictions and revoke consent in writing after you have reviewed our privacy notice.
