FLORAL SERVICES

Another amazing service we offer at Creekside Villa is in-house florals! Our wedding coordinator Erin was a full time florist here in Canmore for 7 years prior to working at Creekside. One of the benefits of using our floral services is ensuring a streamlined, beautiful and cohesive look for both your ceremony and reception on your special day.

All floral work is created custom to order, making your arrangements unique, one of a kind and designed based off inspiration photos you provide. Prices for arrangements will vary. All prices listed below are “starting at” prices and will go up in cost from there. A \$1,700 minimum spend must be met for all orders. To create more visual interest in your arrangements, we incorporate multiple varieties of flowers as well as greenery. Each different variety comes in bunches of 10-25 stems/variety and the minimum spend is in place to ensure all product is used up and not wasted.
