Your Appointment

Our staff is ready to assist in the process of making an appointment. You can call our Annapolis Office to make an appointment for either location 410-224-0121. When you visit us, we'll listen to all of your concerns, and perform a specialized neurological examination that encompasses all body systems and their interactions with the nervous system. Allow one hour for your appointment. Recommendations will be discussed following the neurological examination. In the event your companion is hospitalized with us for further observation, diagnostics or treatment, a thorough itemized estimate for these services will be provided to you. We ask that you arrive 10-15 minutes prior to your scheduled appointment. Our staff is here to assist you and your companion when you arrive. Please let us know if we can help you with any special assistance.
