I. COMPETITION OVERVIEW

The Fort Collins High School Competition and Fright Fest Competition will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the [current rulebook](#), and/or [current Compete USA handbook](#) as well as any pertinent updates that have been posted on the U.S. Figure Skating [website](#).

This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules.

Skaters must be a currently registered member of a U.S. Figure Skating member club, Learn to Skate USA® member, a collegiate club or who is an individual member in accordance with the current rulebook. For non-U.S. citizens, please refer to the [rulebook](#) for more information.

High School Team Competition skaters must be enrolled as a full-time student as defined by the institution that they attend, grades 9-12, as per state guidelines. This includes both traditional and homeschooled students. A minimum of two (2) skaters are required to form a team. Team members may include skaters of any gender. Skaters do not have to be at the same test level. Athletes may compete either for the high school they are attending, or as a high school collaborative, defined as follows:

- Athletes from a single school, representing that school, OR
- Athletes representing two or more area high schools combining to form a team.

NOTE: Competitors may not represent more than ONE high school skating team at one time.

HIGH SCHOOL SKATING TEAM MEMBERSHIP

All High School Skating Teams participating in high school competitions must register with U.S. Figure Skating on the Members Only website. This will include creating a team roster to include all skaters on your team and paying the annual team dues of \$35, which are due annually and payable by or after October 1.

All teams are a minimum of 2 skaters and maximum of 6 skaters. Teams must have at least one Team Manager who is 18 years or older, must have a current U.S. Figure Skating membership and be fully compliant. Team coaches are not required in order to form a team. However, if a team chooses to have a team coach, this person may also serve as the team manager. For detailed instructions on how to create your team, please refer to the Steps to Register/Renew Your High School Team. If your team has already been identified with U.S. Figure Skating, do not create another team account. Member Services can give access if leadership has changed for the new season where you can then renew and manage your team for the new season.

II. ELIGIBILITY

Singles: Excel Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
 - o Skate Up: skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.

- If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to the information sheet [HERE](#) or email events@usfigureskating.org.

All other singles and partner events (such as Adults, Pairs, Ice Dance):

- Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.

Synchronized Skating:

- For synchronized skating teams, this competition does not require that skating skills test requirements for the team's level be met, except for the maximum allowed at the Compete USA levels (Snowplow Sam Synchro and Aspire levels).
