

The Fort Collins Figure Skating Club is partnering with Mary's Mountain Cookies to aid us in fundraising for the 2026 Ice Show and 2026 Programming. As costs continue to increase, we are committed to keeping costs as low as possible and fundraising is key to that success. We are asking for each club member to set a fundraising goal of \$200/skater.

Who can participate? All members of the FCFS Club.

How much does the club keep? The club keeps \$10/tub.

When is the fundraiser? Kick off is May 1st. Orders are due **no later** than May 22nd.

How do we collect orders? Any way, any how you would like. Order forms are available.

How do we submit our orders? You will submit one consolidated order for your skater via a google form. It is your responsibility to keep track of who ordered what, their contact information, etc. For Example, your skater sells 10 tubs of dough. You will enter your skaters information into the form and indicate that they want 10 tubs – 5 chocolate chip, 5 M&M. When we receive the order you will receive the 10 tubs and you will deliver them.

Who do we pay?

You will pay the Fort Collins Figure Skating Club. When you submit your order, you will need to remit payment to the Fort Collins Figure Skating Club. We can accept Cash, Check, or Zeffy. You will make one payment to the club for the order at time of placement.

For Example, Suzie sold 10 tubs. 5 customers paid cash and 5 wrote checks. Susie needs to remit \$220 to the club for her order. She can either turn in the cash and checks, or she can submit one payment to the club. Either way, she is responsible for the collection of funds with the order. Without payment, we cannot place the order.

When will the orders come in? Orders will be available the first week of June. We will pick up the order and will communicate out when you will need to come to NoCo to pick up. Skaters will need to pick up their orders and deliver.

Note; Cookie dough will be frozen upon delivery;..You will need to arrange for storage in a cooler or freezer until you can deliver;...Due to that? orders must be picked up timely;
