

Northeast United States Lawn Care Calendar

Brought to you by Acres Of Green Landscaping, Walpole, MA
Call today and get on a regular lawn maintenance schedule. (508) 444-0456

January

Avoid Damage! Stay off your frozen lawn. Keep de-icer and other chemicals away.

Call Acres of Green to get on our spring and summer schedule!

February

Start fertilizing for a happy lawn later on. Get your lawnmower serviced and ready to go!

March

Repair damage. Overseed sparse or bare areas.

April

Balance soil pH to 6.0. Start preventative herbicide treatments.

May

Fertilizepalooza! Add nitrogen, potassium and phosphorus. Start mowing and stop dandelions dead in their tracks early.

June

Know your grass and what it needs. Get on an irrigation and mowing schedule.

July

Maintenance time. Just mowing. No more fertilizers or chemicals.

Call Acres of Green to get on our fall and winter schedule

August

Let it grow! Less mowing. Nitrogen fertilizer only.

September

Plant for next season. Overseed. Rake, rake, rake those leaves!

October

Continue to rake, rake, rake those leaves! Compost grass clippings and leaves for next year's fertilizing.

November

Water new seeds until the first freeze.

December

Sit back and have a cup of cocoa. Take the month off.
