

Partner Tech SP 5514

With a modern, sleek design and five color options, the Partner Tech SP-5514 complements any restaurant or retail setting. Its small footprint allows it to be used even where space is limited, and its rugged, fanless design makes it resistant to damage from dust or spills that can occur in a commercial setting.

Delivered running Windows IOT this terminal is ready for the 2020's with end of life a long way in the future.
