Complete Dentures:

Economy Denture -

Includes acrylic denture with economy teeth, Mini-Dent ID setup, and try-in. One free reset is included if necessary. (Bite rim (ECB) and/or custom tray not included)

DDC Select Denture -

Includes Ivocap processed denture with Premium Mondial teeth for the best in strength and esthetics, Mini-Dent ID, setup, and try-in. One free reset is included if necessary. (Bite rim (ECB) and/or custom tray not included)

DDC Lifetime Denture -

Hand-characterized Ivocap processed dentures custom molded specifically for your patient. These include Premium Mondial teeth for the best in strength and esthetics, setup, and try-in, as well as up to five free resets for challenging cases. Also includes LIFETIME warranty for repairs and breakage, and 25% off relines for the life of the denture. (Bite rim (ECB) and/or custom tray not included)

Partial Dentures (RPD):

Economy RPD -

Includes basic cast partial frame and economy teeth, setup, tryin, and pour/cure acrylic processing. One free reset included if necessary. Partial design must be specified by prescribing Dr. on Rx or on model. (Bite rim (ECB) and/or custom tray not included)

(Design changes resulting in recast will be done so @ \$85 per frame)

DDC Select RPD -

Includes Vitallium partial frame with high strength Ivocap injection molded acrylic processing, Premium Mondial teeth for the best in strength and esthetics, setup, and try-in. One free reset included if necessary. DDC will design the frame (at your request) for free, and also include architecture for future expansion of partial as additional teeth are lost to avoid having to make a new partial (whenever possible) and to help keep future tooth addition costs down. (Bite rim (ECB) and/or custom tray not included)

DDC Lifetime RPD -

Hand-characterized Ivocap processed partial dentures custom molded specifically for your patient. These include a Vitallium frame, Premium Mondial teeth for the best in strength and esthetics, setup, and try-in, as well as up to five free resets for challenging cases. DDC will design the frame for free, and also include architecture for future expansion of partial as additional teeth are lost to avoid having to make a new partial (whenever possible). **Tooth additions, as well as repairs and even replacements on DDC Platinum RPDs are performed at no charge for the life of the product.** (Bite rim (ECB) and/or custom tray not included) With an average cost of \$175 per repair/addition, this can save you and even your patients a lot of \$ over time. (does not cover lost RPDs)

DDC Flexible RPD -

Price includes Premium teeth and setup. Additions to flexible partials may be challenging, so keep this in mind if future tooth loss is anticipated. Try-ins on flexible RPDs require additional materials and are provided for an additional \$35 ea. (5yr failure/defect warranty)

All removable options are available as immediate for an additional \$35.
