Response from
Facility Coordinator:

“I was not expecting the floor to look brand new. This floor is amazing. When can GP Flooring come back to do the remaining 66 homes?”

GP Flooring Solutions turned old ceramic tile into a brand new floor.

A Western New York State community based developmentally disabled organization asked GP Flooring Solutions (“GP Flooring”) to deep clean floors for one of their 67 homes.

A laundry room with 2” ceramic tile and grout is in each home. GP Flooring did a restorative cleaning with NeverStrip Deep Clean™ and NeverStrip Grout Prep.™ NeverStrip Color Sealer™ in Linen was applied to match the tile and color seal the grout. Two applications of NeverStrip Tile Seal,™ a NeverStrip Micron floor coating, were then applied to the entire floor.

Larry Riggi, GP Flooring, said, Tile Seal was our product of choice, since the floors are only mopped. Ease of cleaning is paramount. Also, because these are developmentally disabled homes, an attractive slip resistance is critical. Lastly, GP Flooring knew the NeverStrip Tile and Grout Restoration System was going to provide a “like new floor appearance.”

The Facility Coordinator for all 67 homes loved the outcome and wants to schedule the remaining 66 homes!

GP Flooring Solutions is a full-service commercial flooring contractor, certified WBE (Women Business Enterprise), and authorized dealer on the NY State Floor-Covering contract. GP offers flooring consultation, sales, installation, and maintenance, along with a commitment to exceptional customer service and highest-quality workmanship. Our customers recognize that commitment, giving us satisfaction ratings averaging 9.4 on a 10-point scale.
