**“We saved more than
\$22,000 (97%) by
using NeverStrip Rubber
Seal and the floor
looks phenomenal!”**

NeverStrip's Rubber Seal saves Nazareth Academy \$22,000!

Nazareth Academy, an 800+ student high school in a Chicago suburb has rubber flooring and stair treads on 3 floors of stairs near its front entrance.

The rubber flooring was installed 15 years ago. The school received a \$22,000 quote to replace the old rubber flooring.

Instead, Nazareth Academy used an internal maintenance person and spent less than \$800 to clean and seal the existing rubber flooring with 2 quarts of NeverStrip Rubber Seal.

The process to clean and seal the stairs and landings was: 1) scrub the flooring with a green scrubbing pad with NeverStrip Deep Clean and 2) extract with a wet vac. The deep cleaning was followed by 3 thin applications of NeverStrip Rubber Seal at 5,000 sq. feet per gallon per application.

The 15-year rubber flooring now looks better than new. Instead of spending \$22,000 to replace the floor, the school spent \$800 – \$400 for product and \$400 for internal staff labor.

NeverStrip Floor Coatings is a manufacturer of floor sealers and coatings based on 21st Century floor care technology. For more information, contact Dave Beedie, President, NeverStrip Floor Coatings at 630-330-1010 and David.Beedie@neverstrip.com.
