“I never gush about products but your NeverStrip Vinyl Seal deserves the highest kudos I can give.”

NeverStrip®
FLOOR COATINGS

21st Century Floor Care Technology™

The Home Fabulizers rescued a Luxury Vinyl Plank Floor using Vinyl Seal from NeverStrip.

The Home Fabulizers are general contractors in Arizona that install many new floors every year. Recently they installed a new floor product (that was quite expensive) from a new vendor. The floor, once installed, looked dull, dusty and more like a barn floor in a horse stable!

Their professional construction cleaning crew tried everything to restore it. Their remediation crew tried everything. Each and every attempt did not solve the problem. Then they found NeverStrip Vinyl Seal on the internet and were pleasantly surprised.

The ease of application was remarkable. Simply spray and mop it on to a clean floor. There was no heavy equipment required and no smell. It dried in only 10 minutes. After they applied Vinyl Seal, both small and large scratches were eliminated or vastly minimized. The floor became resistant to marks. They have now taken away the basket for shoe coverings by the front door because they are no longer necessary. It is also like the floor is now repelling the dirt with Vinyl Seal.

With over 30 years of residential, commercial, and real estate investment experience, The Home Fabulizers are excited to share our expertise to help you find your dream home and your own real estate investment opportunities. We live in Gilbert, Arizona and love the Arizona style of outdoor living.
