

# Micron Clean™

Micron Clean is a neutral pH cleaner designed for use in auto scrubbers. This unique and powerful cleaner is strong enough for general purpose use in floor care and tough enough to remove the most challenging stains and soiling.

All neutral cleaners are not the same. Micron Clean is an environmentally responsible, daily use cleaner that will brighten and clean resilient and non-resilient floor surfaces. The powerful cleaning characteristics of Micron Clean will keep your NeverStrip coated surfaces clean and new looking...now that's easy!

Micron Clean quickly releases oils and deposits from the floor surface through a sophisticated proprietary chemical matrix of hyper-effective wetting agents and cleaning chemistries.

Micron Clean has been specifically developed as the preferred daily use cleaner with NeverStrip's Tile Seal, Vinyl Seal and Terrazzo and Stone Seal. Micron Clean can be used with any of NeverStrip's coatings with total confidence.

Micron Clean is packaged in concentrated form so a bottle of Micron Clean can be poured directly into a full auto scrubber tank without any measuring. No fuss, No hassle, Accurate and easy for the in-store personnel operating the machine.

## **Packaging:**

Pre-measured 10 ounces - for a 10-gallon auto scrubber tank (Windsor Chariot iScrub20)
