

NeverStrip Pad Guide

Microfiber Application Pads (18")

**Micron
Applicator Pad**
(Blue)

Ideal for most micron sealer applications.

**Micron
Applicator Pad**
(Gold Stripe)

For smoother, more reflective surfaces which show more imperfections, such as many polished stones, terrazzo and concrete and some rubber floors.

Cleaning/Maintenance/Floor Finish Removal Pads (many sizes from 13" to 20")

**NeverStrip Blue
Scrubbing Pad**

Used with auto scrubber or 175 rpm floor machine (25,000 SF coverage). Recommended daily/frequent cleaning pad for LOWER SATIN SHEEN Micron Sealers.

**NeverStrip Clean
and Buff Pad**
(8000/Silver,
diamond pad)

Used with auto scrubber or 175 rpm floor machine (100,000+ SF coverage). Recommended daily/frequent cleaning pad for Micron Sealers. *(Never use a diamond pad, including this one, on LOWER SATIN SHEEN Micron Sealers.)*

**NeverStrip Coarse
Strip Pad**
(220 grit)

Used with auto scrubber, 175 rpm floor machine, and/or Square Scrub type machines with Microbot Floor Finish Eliminator in the removal of floor finish (20,000 SF coverage).

**NeverStrip
Doodle Scrub
Coarse Strip Pad**
(220 grit)

Used for edging/difficult to service areas with Doodle Scrub and Microbot Floor Finish Eliminator in the removal of floor finish (10,000 SF coverage).

**NeverStrip
Condition and
Polish Pad**
(800 grit)

Used with auto scrubber, 175 rpm floor, and/or Square Scrub type machine for final 'Scrub/Rinse' after floor finish removal and prior to applying Micron products (50,000 SF coverage).

NeverStrip Pad Guide

Restorative Pads (17" & 20")

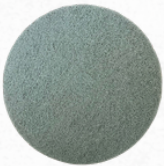

NeverStrip Prep Pad

Used for multiple purposes, including:

1. For marked, scuffed and scratched flooring before Micron Sealer application and
2. For marked, scuffed and scratched Lower Satin Sheen Micron

Sealers prior to new applications (Coverage rates vary greatly based on purpose, generally 1000 SF/pad-500/side).

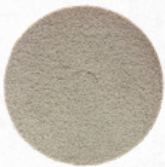

Extremely effective in conditioning abused LVT/LVP prior to sealing.

NeverStrip Micron Restoration Pad
(3500/Green, diamond pad)

Used to buff out marks, scuffs and surface scratches from Micron Sealers. Ideal for use with Micron Restore. (100,000+ SF coverage)
(Never use a diamond pad, including this one, on LOWER SATIN SHEEN Micron Sealers.)

Burnishing Pads (20" and 27")

NeverStrip Micron Burnishing Pad
(8000/Silver, diamond pad)

Used with high speed burnisher (1500 rpm or higher) to polish/increase the shine of Micron Sealers. (100,000+ SF coverage)
(Never use a diamond pad, including this one, on LOWER SATIN SHEEN Micron Sealers.)
