NeverStrip Micron Sealers for VCT

It's Time
to Rethink
VCT Floor Care

Why Traditional Strip & Wax No Longer Works

High Lifecycle Costs

- Up to 80% of floor maintenance costs are labor-related.

Source: *Imperial Dade – The Ultimate Guide to Commercial Hard Floor Care*

- Stripping and waxing 4–6x/year costs \$1.63–\$2.04 per sq ft annually

Source: *Homewyse Floor Maintenance Cost Guide*

Operational Disruptions

- Downtime of 6–12+ hours per maintenance cycle.
- Burnishing is required 5–7 times per week.

Not Sustainable

- VOC-laden chemicals contribute to indoor air pollution.

Source: *U.S. EPA – VOCs and Indoor Air Quality*

- Uses excessive water and generates wastewater and sludge.

Source: *3M – Sustainable Floor Care*

- Frequent product use = high material consumption.

A Dying Workforce

- Skilled labor is scarce and costly.

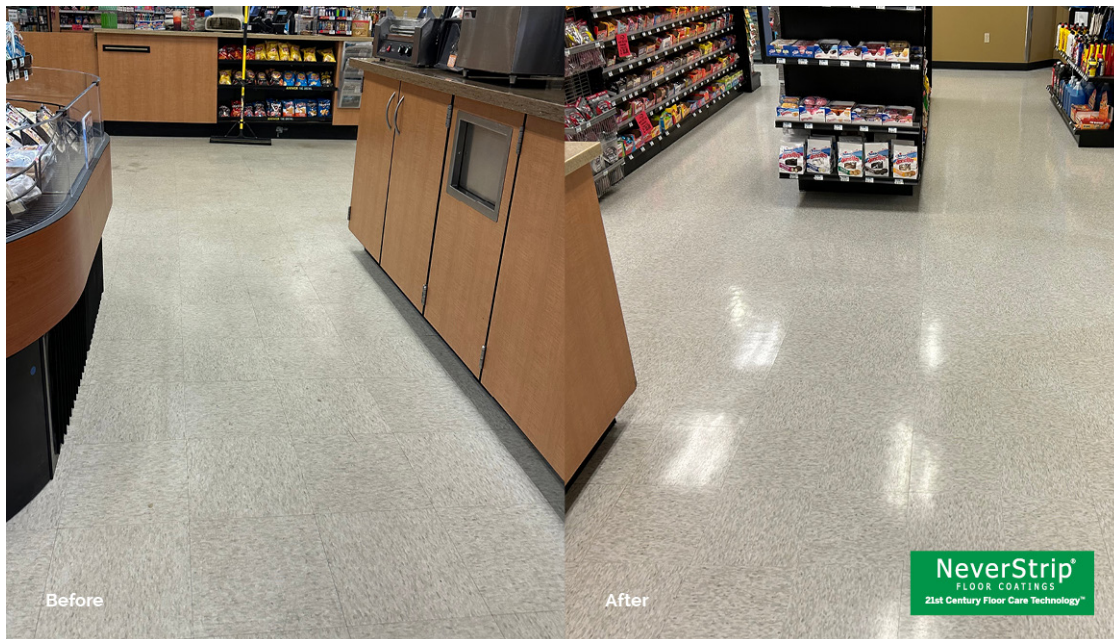

Source: *CMM – 2020 In-House Facility Management Benchmarking Survey (PDF)*

- Fewer workers are trained or willing to do floor

The Solution: NeverStrip Micron Sealers

An innovative, proven solution that eliminates the need for stripping and waxing — forever.

Lower Life Cycle Costs

- Apply once, refresh occasionally — no more stripping.
- Cut labor hours dramatically.
- Save thousands per year per facility.

Easy to Apply & Refresh

- No special expertise needed.
- Custodial staff can apply and maintain with simple training.
- Refresh with Micron Restore — no re-application needed in many cases.

Fast Dry Times

- Dries in 10 minutes = minimal disruption to facility operations

Sustainability Win

- Meets California VOC standards.
- No stripping chemicals, no odors, and minimal environmental impact.

Safe & Durable

- Meets industry COF (coefficient of friction) standards.
- Reduces the risk of slips and falls.
- Resists yellowing, scratches, and stains.

From Factory to Facility: A Win for Everyone

For Manufacturers

- Offer pre-treated floors with a modern, sustainable edge
- Reduce callbacks due to finish wear issues □ Differentiate your product in a competitive market

For Dealers & Contractors

- Fewer complaints, less warranty work
- Easier handover to facility managers
- Increased customer satisfaction and repeat business

For End-Users (Facility Owners & Managers)

- Lower maintenance costs
- Safer, cleaner environment
- Better ROI over the lifetime of the floor

Ditch the Strip & Wax Routine.

Protect VCT right from the start with NeverStrip® Micron Sealers — and enjoy lower costs, less labor, and more sustainable floor care for the long haul.
