# NeverStrip Grout Prep

# NeverStrip Grout Prep

NeverStrip Grout Prep is a low pH organic sodium solution that safely restores grout to “like-new” condition without etching tile surfaces.

This unique high performance product will open grout pores, reduce high spots and create an ideal surface for application of NeverStrip Color Sealer.

NeverStrip Grout Prep™ performs like many traditional acids, but is safe to handle, non-fuming and completely biodegradable.

## Characteristics ■

- Low pH organic salt that replaces traditional mineral & organic acids.
- 71% strength of Hydrochloric Acid when cleaning grout.
- Nearly 10 times more effective than Citric and Glycolic Acids.
- Nearly 3 times more effective than Phosphoric Acid when cleaning grout
- Non-fuming
- Classified as only a mild skin irritant.
- Phosphate free & contains no VOCs.
- Low contributor to BOD/COD in effluents.
- Approved Green Seal® Usage
- Non-Corrosive

## Packaging

One Gallon Round White Plastic Container with Sealed Caps / Qty 4 to a Case
