Metallic Colors

When selecting a NeverStrip Metallic Color for your application, please take time to carefully consider the following:

Appearance

Light colors tend to show more “shadow” than dark colors.

Traffic and Maintenance

Wheel marks and dirt naturally show up more on light colors than on dark colors.

Spillage

What is most commonly spilled on your floor?

Consult your NeverStrip Authorized Dealer to determine the degree of chemical resistance you may require prior to selection of the system.

NeverStrip provides this Color chart for a preliminary color selection only.

Please refer to a physical sample prior to making your final choice.

Please contact your NeverStrip Authorized Dealer for assistance.
