- Marble
- Soapstone
- Carpets
- Rugs and more

Benefits of use

Winona Building Products' heavy-duty, tri-directional fiberglass-scrim-reinforced, protective paper prevents water and other liquids from soaking through and damaging expensive flooring. Sold in rolls, KSK3131 allows lightning-quick set up and removal of the product from large areas and will not tear under normal foot traffic. For use on job, construction, remodeling, repair, moving and relocation sites and more, with residential, commercial and industrial flooring. KSK3131's laminated, reinforced paper lasts longer than plain papers, reducing replacement and job costs.
