Coordinate the style of your hooks with the knobs & pulls in your kitchen, bath, closet, or laundry room. It's easy to coordinate the two since our hooks are available in three classic finishes: Satin Nickel, Polished Chrome, and Brushed Oil Rubbed Bronze.

Not sure what style hook to select? Start with the shape of your decorative hardware. If your knobs & pulls are square, choose a hook with similar square edges. If your knobs & pulls are rounded, choose a hook with round ends.

Stylish hooks create a cohesive look throughout the whole living space

Shared finish codes between Elements & Jeffrey Alexander will ensure easy hook & hardware coordination

Care & Cleaning

For best results, use water and a mild soap with a soft cloth. Avoid glass cleaners, general kitchen/bathroom cleaners, and other abrasive cleansers, as those cleaners could damage the finish.

Soap & Water Method:

1. Fill a bowl or sink with warm water, and add a squirt of dishwashing liquid or olive-based soap. Swish the water around with your hand to make suds.
2. Dip a rag into the soapy water, and wring it out.
3. Wipe the hardware with the soapy rag. For tough grime, dip a soft toothbrush into the soapy water and scrub gently.
4. Rinse the rag, wring it out, and wipe the hardware to remove the soap residue.
5. Buff the hardware with a dry chamois cloth to polish and shine it.

Vinegar Method

1. For tougher cleaning, use a solution of one part white vinegar to one part water.
2. Moisten a rag with the vinegar solution.
3. Wipe the hardware with the rag. If the rag becomes dirty, rinse the rag with water and remoisten with the vinegar solution.
4. Buff the hardware with a dry chamois cloth for a nice polish and sheen.
