

Dear McDowell Dentistry,

Please accept this letter of acknowledgement and recommendation on my behalf. I have been Dr. Ayoub's patient for over a year and a half. I have received extensive dental treatments including crowns, Invisalign, and a front tooth implant – one of the most difficult of cosmetic dental procedures. I would like to commend Dr. Ayoub for his professionalism, sincerity, and commitment to his patients care and satisfaction. He was extremely patient with my concerns and was committed to a high quality result even when unavoidable set backs in the procedure duration occurred. I never truly realized the importance of a person's smile in their self-image and confidence until mine was threatened. I am very thankful for Dr. Ayoub's sincere understanding, concern and commitment to restoring my beautiful smile as naturally as possible.

Sincerely,
Amy Roth
