

# Capability Statement

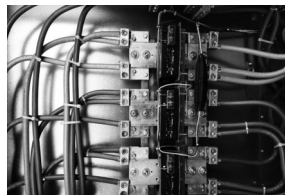

[www.blackbearelectric.net](http://www.blackbearelectric.net)

Specializing in Electrical Service, Repairs & New Installations, **Black Bear Electric, Inc** has been repairing, installing, and protecting electrical systems for Denver property owners for more than 30 years. From Coors Field to single-family homes, no project is too big or too small for us. Thanks to our full array of certifications and training, we safely handle any situation and ensure excellence, safety, and longevity. Whether it's time to rewire an old house or troubleshoot a circuit in your business, we'll get the work done right the first time — and fully up to code.
