

## GUARDIAN RUBBER TILES

# The HUMANE Advantage

### PROVEN TECHNOLOGY

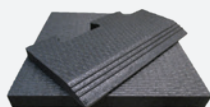

Absolutely Non-Absorbent & will not harbor or promote bacterial growth  
"Clean & Fresh" Mitigating agent used to reduce aroma  
4 times stronger than rolled rubber (800 PSI per ASTM412)  
Easy Installation with custom design & precutting services  
High traction even when wet  
Loose Lay product which requires no adhesive

**GUARDIAN** Flooring Systems are an industry standard for recycled rubber interlocking floor systems. We were the first company to utilize a loose lay interlocking system. All Guardian 3/8" & 1/2" mats are EDA Compliant. Our mats are utilized by facilities all over the world.

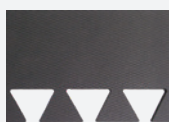

**GUARDIAN** Flooring Systems may be utilized in wall to wall installations or as a stand alone solution, with or without beveled edges within a room. Due to the interlocking system the flooring is able to stabilize itself away from walls and is offered in 3/8", 1/2" and 3/4" thicknesses to allow for different levels of use.

#### EASYPATH

Beveled edges are molded into the mat, allowing for smooth transitions without the need for additional products or installation

#### BIGLOK

3x bigger interlock for extreme usage  
Available as a custom solution in 3/4" size

#### LOKTUFF

The original Interlock System  
Built to last

#### TreadSafe

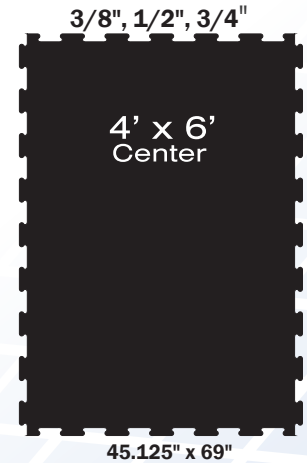

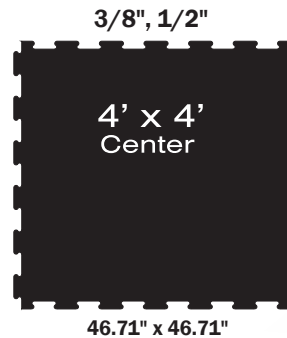

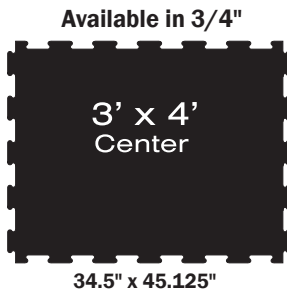

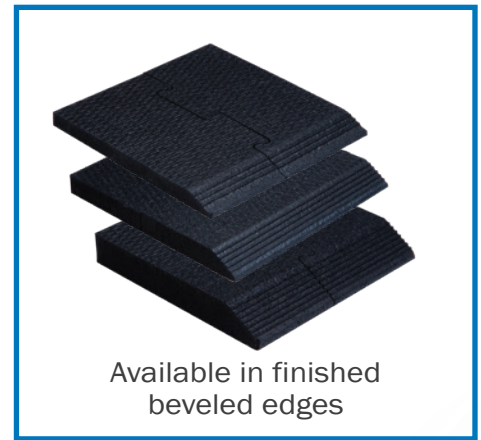

Our diamond patterned texture provides maximum traction in wet and dry conditions

Many commercial equipment companies prefer **GUARDIAN** Flooring Systems because they can be precut to size utilizing CAD drawings and accurate measurements, which allows for less time on site for installers and reduced scrap

Guardian Floor Systems offer centers, borders & corners for all size systems with beveled & non-beveled versions available.

**Color Codes:** G=GLACIER - Y=YELLOW - T=TAN - W=WHITE - R=RED - I=GREEN - B=BLUE - 1=RED/WHITE  
2=BLUE/WHITE - 3=TAN/WHITE - 4=YELLOW/WHITE - 5=GREEN/WHITE - 6=GLACIER/WHITE
