Revision History

Revision	Date	Description
1.0	2022-05-17	Initial Document
2.0	2022-12-12	Update for new user interface and app updates.
		 Replaced screenshots with updated UI
		 Added sentence sorting options
		Added therapy section
2.1	2023-03-01	Update for custom exercises
		 Added New Exercise option in sentence builder "" menu
		Added custom exercise actions: Add, Edit, Reorder, Delete
2.2	2023-03-06	Update with walkthrough of Therapy Exercise

1.0 - Getting Started

When first opening the application, you will be greeted with the main menu. From here you can access the **Sentence Builder**.

The sentence builder allows you to select pre-written words and sentences, and even add your own.

You may also access the <u>Therapy</u> portion of the app here.

Therapy allows you to practice, record and review speech exercises.

Version: 2.0.0 Build: 48

1.1 - Sentence Builder Overview

1.2 - Sentence Builder Description

Name	Image	Description
Back Button	Back	Tap to return to the App home screen
Edit Button (off)	Edit	Editing off. Tap to toggle between Editing and Speech modes.
Edit Button (on)	Edit	Editing on. Tap to toggle between Editing and Speech modes.
Backspace Button		Tap to delete a single word or tap and hold to delete the entire sentence.
Use Keyboard		Tap to bring up the on-screen keyboard to type directly into the sentence builder.
Sentence Playback		Tap to speak the current text in the builder.
More Button	•••	Tap to bring up a dropdown menu to: Clear – Clear the current text selection. Save – Save the current text as a new sentence. New Exercise – Save the current text as a new Exercise for the Therapy component. Share – Send the current text to another application.
Select Topic	All	Tap to bring up the sentence topics. Then select a topic to sort the sentences.

Select Sentence	SENTENCES	Tap to view a list of sentences.
Select Word	WORDS	Tap to view a list of words.
Sorting Options		Tap to show the sorting sentence sorting buttons.
Recently Used	C Recently Used	Sort the sentence list from most recently to least recently used.
Favorites	Favorites	Show only favorited sentences.
Clear Sorting	×	Remove the currently selected sorting option.
Favorite/Unfavorite	★☆	Toggles a sentence as a favorite.

2.0 - Using the Sentence Builder

2.1 - Playing a sentence

- Tap a sentence to add it to the builder. By default, the sentence will be spoken immediately. This can be changed in settings.
- 2. Tap the play button to speak the text.
- Tap each word in the sentence builder to play back individual words.

2.2 - Deleting a Sentence in the Builder

- 1. Tap the backspace button to delete a single word.
- 2. Tap and hold backspace to delete the entire sentence.
- Alternatively, press the Options button to bring up a drop-down menu and choose Clear.

2.3 - Typing Your own Sentences

- 1. Tap the typing icon to bring up the onscreen keyboard.
- 2. Type in your sentence.

3.0 - Managing Sentences

On the Sentence Builder screen tap Edit in the top right to toggle between Regular and Edit Mode.

Reg	ular Mode – Ed	it Off		Edit Mode on

5.0 - Word View

Use the menu at the bottom of the screen to switch between word and sentence view.

Words are organized into folders. You can create new folders, words, and add images to each word.

5.1 - Using the Word View

- Words can be used in the builder by tapping on the word.
- 2. Words are sorted into folders. To view words in a folder, tap on the folder icon or name.

6.0 - Managing Folders

6.1 - Adding a Folder

- 1. Enter Edit mode.
- 2. Click Add.

- 3. In "Type" check Folder.
- Under Folder, choose where you would like the new folder to be, or "No Folder" to leave at the top of the directory.
- 5. Choose an image to represent this folder.
- 6. Tap Save.

6.2 - Editing a Folder

- 1. Enter Edit mode.
- 2. Tap the folder you wish to modify.
- 3. Choose Edit in the drop-down.

- 4. Change the location of the folder in the "Folder" menu.
- 5. Edit the text by changing the "Display Text"
- 6. Select a new image for the folder by tapping "Select Image"
- 7. Press Save when finished.

7.0 - Managing Words

7.1 - Adding a Word

- 1. Enter Edit mode.
- 2. Tap the Add button.

- 3. Under "Type" ensure Word is checked.
- 4. Choose the folder you would like to place the word in.
- 5. Enter the word under "Display Text"
- 6. Choose an image to represent this word (optional).

- 7. Tap Choose File to upload your own image or select one from the default images.
- 8. When done, select OK.

9. Press Save.

7.2 - Editing a Word

- 1. Enter Edit Mode.
- 2. Tap the word you wish to modify.
- 3. In the drop-down list, choose Edit.

- 4. Edit the folder the word is in by choosing a new folder from the list.
- 5. Modify the text by tapping the word under "Display Text"
- 6. Choose a different image by tapping Select Image.
- 7. Tap Save to save your changes.

7.3 - Removing a Word

- 1. Enter Edit Mode.
- 2. Tap the word you wish to delete.
- 3. In the drop-down list, choose Delete.
- 4. Confirm you wish to delete this word.

Therapy 8.0 - Category Page

Upon entering the Therapy section for the first time, you will be prompted to accept camera and microphone access permissions. These are used to record your exercise progress.

After the permissions are accepted, you will be shown a list of categories. Each category contains multiple exercises to practice your speech. Tap a category to view the list of exercises within.

10.0 - Practice Page

The practice page is divided into four segments: Listen, Repeat, Speak, Review. Each segment prompts the user to complete a task before automatically progressing to the next segment. The current segment is highlighted red, and incomplete segments are greyed out. Completed segments are shown with black text.

Once a segment is complete the next segment will automatically start.

The words to be spoken are shown beneath the Segment selector.

Image	Description
Listen	Selected segment.
Repeat	Unselected, disabled segment. Users cannot navigate to this segment.
Listen	Unselected, enabled segment. Users can tap to navigate to this segment.

10.1 – Listen

The listen component will speak the word/phrase for the current exercise. The user is prompted to listen to the speech during this segment.

Listen	Repeat	Speak	Review
Exercise			
day			

10.3 – Speak

The speak segment allows users to record video and audio of themselves practicing the exercise. The camera starts and stops recording automatically and a preview of the video recording will be shown on the screen.

The speech rate can be configured in the application settings under Therapy.

The user cannot move to the other segments while recording is in progress. When finished, the user will progress to the Review segment.

Listen	Repeat	Speak	Review
Exercise			

day

10.4 - Review

During the review segment the user can play back their recorded video from the current exercise by tapping the "play" button on the image. Users can redo any of the previous segments by choosing them in the segment bar at the top.

Image	Description	
Try Again	Restart the current exercise from the beginning of the Listen segment.	
Re-record	Move back to the speak component and re-record the video/audio.	
Next	Move to the next exercise in the current sequence. This is only shown when completing a sequence of exercises.	
Done	Finish the current exercise(s) and show the summary screen.	

S.A.L.T. THERAPY VIDEO

10.5 - Summary

The summary page allows users to play back and share the exercise video & audio completed during this segment/exercise.

Each exercise is separated into an "accordion" style menu. Tap an exercise item to expand the accordion and view the playback and sharing options.

audio and video with the buttons at the bottom of the screen.
