

# Summer 2023

Join us after Memorial Day for an amazing Summer full of BIG FUN! You won't want to miss a moment of exploring weekly themes through hands-on creative learning. There will be Cooking Projects, STEAM (Science, Technology, Engineering, Arts, Math) Activities, Splash Days, and even Field Trips for our "big kids".

Current full-time Apple Tree students are already enrolled, so spots are limited.

**Reserve your child's space in the program today!**

Children may wear appropriate "play clothes" instead of uniforms during the summer. Please continue to wear sneakers instead of sandals to keep little toes safe. **Apple Tree t-shirts are required for field trips.**

**Friday is Splash Day!** We will enjoy a morning of outdoor water play in our swimsuits, then dry off and change before lunch.

**Please bring your child to school on Friday mornings wearing sunscreen and swimwear with or under their clothes.**

Don't forget to pack a TOWEL and make sure your child has clothes (including underwear) to put on after splashing. Mark all items with your child's name. Wet clothes and towels will come home to be washed over the weekend.
