---

**SUMMARY**

The EIT III Engineer will be capable of handling multiple projects within a fast-paced environment and be able to develop and maintain positive working relationships with all contacts both inside and outside the company. It is expected the EIT Engineer III will achieve results with minimal supervision and absence of day-to-day guidance.

**RESPONSIBILITIES**

The EIT III Engineer position is responsible for the following tasks, including, but not limited to:

- Working closely with senior design engineers
- Designing a variety of engineered systems (drainage, water, and waste systems)
- Developing plans and specifications
- Completing and reviewing calculations
- Preparing Engineering Cost Opinions
- Field surveys

- Written and verbal communication with state and local agencies for both planning and regulatory projects
- Performing on-site materials testing
- Client communication
- Other duties as assigned

**PREFERRED EXPERIENCE IN THE FOLLOWING AREAS:**

- Storm / Sanitary sewer drainage
- Waterline design
- Grading plans
- Roadway design
- Construction detail drawings
- Project/construction specifications
- Site surveying
- Environmental engineering experience helpful
- Construction observation
- Communication and familiarity with government entities
- Soil Testing/Septic

**PHYSICAL DEMANDS**

While performing the duties of this job, the employee may be required to work in extreme weather conditions (heat, cold, snow, rain) for extended periods of time and stand for long periods of time. This work requires standing on uneven terrain. Employees must also be able to and lift and move a minimum of 30 lbs., sit, walk, talk, hear, and reach with hands or arms. Hand eye coordination is necessary to operate computers and other office equipment as required. The employee is also required to kneel, crouch, and bend.

**COMPANY**

AGPROfessionals is a full-service agricultural development company that provides real estate, engineering, surveying, environmental, and land use consulting for the agriculture industry across the U.S. AGPROfessionals is growing within a fast-paced and demanding environment with changing needs and priorities.

We offer competitive wages and an excellent benefit package in a casual yet professional environment. If you are interested in joining our team, please visit our website at [www.agpros.com](http://www.agpros.com) to submit your cover letter and resume.
