Texas Industrial Infrastructure Services, LLC

ELECTRICAL POWER INFRASTRUCTURE

Electrical Distribution, Maintenance, and Reliability Support

Greg Purtle | 214-884-9297 | greg.purtle@texasiis.com | texasiis.com

CAPABILITY NARRATIVE

TIIS coordinates maintenance and reliability support for commercial and critical-facility electrical systems. Regulated installation, repair, and testing are performed by qualified licensed electrical contractors.

CORE COMPETENCY

- Switchgear, transformers, breakers, and panels
- Distribution, rack power, metering, and alarms
- Generator, ATS, UPS, and downstream integration
- Inspection, maintenance, and corrective-work coordination
- Surge protection, monitoring, and infrared inspection

DIFFERENTIATORS

- Documented asset condition and outage needs
- Single-point coordination across the power path
- Licensed-trade support when required

RELEVANT EXPERIENCE

- Winsupply PolyFab: completed electrical-upgrade work supporting plant operations in 2026.
- Atkore: delivered electrical service work in March 2026.
