Texas Industrial Infrastructure Services, LLC

DATA CENTER CRITICAL POWER

UPS, Battery Backup, Electrical Distribution, and Precision Cooling

Greg Purtle | 214-884-9297 | greg.purtle@texasiis.com | texasiis.com

CAPABILITY NARRATIVE

TIIS coordinates lifecycle support for data-center critical power and precision cooling. Service scopes follow approved procedures, operating constraints, credentials, and equipment requirements.

CORE COMPETENCY

- UPS systems, batteries, generators, ATS, and switchgear
- PDUs, RPPs, busway, rack power, and metering
- Chillers, CRAC/CRAH, InRow, and environmental controls
- Testing, modernization, and replacement planning
- Environmental monitoring, containment, and controls

DIFFERENTIATORS

- Coordinated multi-vendor critical-facility support
- Documented scopes and approved procedures
- Lifecycle planning for uptime-sensitive assets

RELEVANT EXPERIENCE

- American Airlines: completed an emergency UPS battery installation on October 15, 2026.
- American Airlines: provided October 2026 UPS battery diagnostics and warranty coordination supporting critical-power reliability.
