- Butte County is all about family and Family Projects is a department especially designed to give those families that work together a place to shine! This department requires a minimum of two family (maximum of four) members to work together on a single project, or separately on complimentary but coordinated projects. These projects can consist of an upcycled/repaired/restored project or something completely new built from the “ground up”. Materials are your choice, based on the project you choose. Family members consist of immediate family. Any combination will work! Examples of projects include: rebuilding an engine

together, restoring two like items of furniture, or building something new together. Butte County is rich with family collaboration, let's showcase it!!

**DIVISION 900 – FAMILY PROJECTS ORIGINAL BUILD**

**CLASS:**

1. One single item, original build, any materials, specify
2. Minimum of two complimentary items, any materials, but exact same materials used in both projects, specify

**DIVISION 901 – FAMILY PROJECTS UPCYCLED**

**CLASS:**

1. One item, same area upcycled
2. One item, two different areas upcycled
3. Multiple but complimentary items upcycled

**DIVISION 902 – FAMILY PROJECTS REPAIRED**

**CLASS:**

1. One item, same area repaired
2. One item, two different areas repaired
3. Multiple but complimentary items repaired

**DIVISION 903 – FAMILY PROJECTS RESTORED**

**CLASS:**

1. One item, same area restored
2. One item, two different areas restored
3. Multiple but complimentary items restored

# FAMILY PROJECT RULES:

## RULES:

1. A minimum of two family members. Maximum of 4 family members on any one entry.
2. Family members include immediate family members, step-parents, aunts, uncles, grandparents.
3. **Every project must include** a display consisting of a minimum of 6 (six) pictures showing family members working on the project during the process of construction/repair. All family members' first names and their relationship to each other must be listed on the display.
4. If the project is a fix/repair/restore, please describe what has been fixed/repared/restored and the materials used.
5. A single fix/repair/restore project could be a specific part of any kind of engine, bicycle, household mechanicals, furniture, etc. i.e. two different parts of the same item
6. Original build, separate but complementary projects are two items built separately by the family members, using the exact same materials. The finished projects should coordinate and compliment each other. A list of materials used must be on the display
7. No perishable items
8. ***All projects must be able to be displayed on the FairGrounds during the Fair***
9. For extra-large projects (i.e. cars, large engines or machinery) please enter as early as possible to reserve space on the Fairgrounds. Please call the Stills Department to make arrangements for delivery/display
10. **Reasonable precautions will be taken, but *Butte County Fair Management is not responsible for any theft/damage to the project while on display***
