Innovating the HP Way

Supported Printers and Printer Drivers G1701AA/BA/CA and G1034C MS ChemStation

The MS ChemStations are tested and supported on specific combinations of HP printers and driver versions. Generally speaking, you should try to use the printer / driver combination that is supported for your version of ChemStation.

HP printers are shipped with the installation software (drivers) required for operation. If you need printer drivers, they are available on the HP web site at <http://www.hp.com>, select the **Drivers** link.

Supported printers:

G1701CA

Supported Printers:

LaserJet 4050 or LaserJet 2100 – Only with the PCL 5e driver
(No Color LaserJets supported, No DeskJets supported)

Not tested or supported, but believed to work:

LaserJet 4000 – Only with the PCL 5e driver

LaserJet III,4, 4Plus, LaserJet 5, 5L and 6P models using the Standard mode driver, NOT the enhanced driver.

LAN printers are not supported.
