# Using Online Help

To access the online help, select **Help Topics** from the Help menu in any window, or click the **Help** button on any dialog box.

When you jump to a help topic, it is displayed in another help window. Click the **Contents** button in that window to return to this list of help topics.

Item	Description
Contents	Displays the list of help topics (shown to the right).
Index	Lets you use keywords to search the help index for a particular topic.
Find	Lets you type a word or phrase and then displays a list of all the topics in the online help that contain those words.
Open	Opens the selected book or help topic. When you open a book or select a book that is already open, this button changes to Close.
Print	Prints the selected book or help topic for future reference. If you select a book, then all the help topics contained in the book are printed. To print a popup, click on it with the right mouse button and select Print from the menu.
Cancel	Closes the Help Topics window.

Help Topics: ChemStation

Contents | Index | Find

Click a book, and then click Open. Or click another tab, such as Index.
