## Flow controller parts

---

Description	HP part number
CI flow controller (complete)	G1072-60001
Calibration valve assembly (with restrictor)	G1072-60011
Elbow fitting	0100-0061
Cajon fitting, 1/8-inch	0100-1003
Sample vial	05980-20018
Calibration valve cable assembly	G1072-60007
Case	G1072-40001
Ferrule, back, for 1/8-inch tubing	0100-0038
Ferrule, front, for 1/8-inch tubing	0100-0034
Front panel	G1072-00005
Jumper tube (connects reagent gas select valve to auxiliary valve)	G1072-80004
Nut, for 1/8-inch tubing	0100-0057
Nut, M8 x 1.25 brass (for inlet & outlet tubes)	0590-0385
Plug, blank for the auxiliary reagent connector	0100-0071
Reagent gas flow control valve	0101-0646
Reagent gas inlet and outlet tubes (connects inlets and outlet to flow control valves)	G1072-80005
Reagent gas select valve	0101-0653
Rear panel	G1072-00006
Screw, 8-32	2510-0041
T-tube (flow control valve to calibration valve to reagent gas select valve)	G1072-80001
Tubing, 2-m, 1/8-inch both ends (methane supply to flow controller)	G1072-80002
Tubing, 2-m, 1/8-inch and 1/16-inch ends (flow controller to GC interface tee)	G1072-80003
Washer, lock	2190-0038
