WHAT TO EXPECT

State Licensed Driving Under the Influence programs provide education, group counseling and individual case management and an individual substance use assessment.

The goal of the DUI program is to encourage your exploration of the relationship between alcohol/drug use and the inherent risks involved resulting in modified drinking/drug use in high-risk situations such as driving. Program length is based upon Blood Alcohol Content (BAC) and Vehicle Code prior DUI convictions.

Persons convicted of a reckless driving offense with a measurable amount of alcohol in their blood.

- Complete a 12-hour DUI alcohol and drug education program.

First Offender Program:

Persons convicted of a first DUI offense will complete one of the following programs:

- Three-month (30-hour)
- Six-month (44-hour)
- Nine-month (60-hour)

Each program requires:

- 12 hours of alcohol and drug education
- A minimum of 10 to 44 hours of group counseling
- Individual counseling interviews

18-Month Multiple Offender Program:

Second and subsequent DUI offenders are required to:

- Complete a 18-month multiple offender programs with 12 hours of alcohol and drug education
- 52 hours of group counseling
- Biweekly individual interviews
- 6 hours of community reentry monitoring
