VIP Services PRIMARY BATHROOM REMODEL GUIDE:

During every initial meeting with VIP Services, we will review this list and all of the options with you to ensure less changes, better planning and an overall improved experience.

All of these details will also be discussed with your dedicated **VIP Services Project Planner** also when planning your project. She will schedule the meeting with our **Complimentary in-house designer**, place material orders, and be sure that all materials arrive before we start your project. This well-planned, low-stress process ensures that you have a **great project and a great experience.**

Great Client Experience: Beginning-To-End

This is our focus at VIP Services.
