

King of Glory Columbarium and Memorial Garden

In the summer of 2016, King of Glory Lutheran Church completed the first phase of its Columbarium and Memorial Garden. Phase I consists of the walkway, patio and first columbarium wall. That wall contains 30 niches. Each niche has the capacity to hold two urns.

The design of the garden provides for the construction of additional walls as well as a future memorial wall which will have provision for memorial plaques.

As the remaining fourteen niches are purchased, those funds will enable the construction of the next phase which, when sold, enables the next—thus insuring the construction, maintenance and preservation well into the future.

A Final Resting Place: Niches for You or Loved Ones

Our columbarium wall consists of five rows of six niches each. The niche has the capacity to hold two engraved brass urns. The niche face plate is made of granite engraved with the name, birth and death dates of the deceased. You will be able to choose your niche location from those available at the time of purchase.

Pricing

One niche with capacity to hold two urns \$1,600

Inurnment—one person \$400
Engraved bronze urn and engraved granite face plate

(Prices are subject to change)

Benefits of choosing King of Glory's Columbarium

- Provides you and your family the opportunity to select a final resting place on church grounds that have been central to your spiritual journey.
- It provides a place of beauty and dignity where your loved ones can visit and reflect any time they visit the church.
- Simplified pre-planning—it eliminates the pressures of decisions and managing the burial process at the time of death.
- It provides a substantially lower cost when compared to traditional burial (~\$10,000). Costs are limited to cremation, niche and inurnment.
- Peaceful setting in a place that ministers to your spiritual needs from the beginning of life to the place where you or your loved ones are laid to rest.
- Perpetual care at King of Glory Lutheran Church within a well designed and maintained campus.
- This solution is environmentally responsible
 - Consumes fewer resources.

Future Plans

- As niches are sold, those funds are used to build subsequent niche walls with the capacity of the current garden reaching 8 walls of 30 niches each.
- The current landscaping provides a peaceful setting in the shadow of mountain foothills. "I lift up my eyes to the hills from where will my help come?" Psalm 121:1 There are plans for additional landscaping to provide a permanent area of peace and beauty.
- In the future, a memorial wall will contain small plaques in memory of loved ones other than those inurned in the columbarium walls.

Dedication, October 16, 2016
