

# New Modified Corner Kick Restarts

Play. Inspire. Unite.

## THE TRIGGER - When the Rule Applies

### Defending Team Touches Last

Triggered when the defending team touches the ball last before it crosses their own goal line (without a goal).

### The Corner Restart Awarded

Instead of a traditional corner, the attacking team is awarded a "Corner Restart" from a modified location.

## THE EXECUTION - How to Restart Play

- 1** **Position: 5 Yards Up the Sideline**  
Ball placed 5 yards from the goal line, not at the corner flag.
- 2** **Option A: Dribble-In**  
Encourages confidence and decision-making.
- 3** **Option B: Pass-In (On the Ground)**  
Pass the ball to teammates for movement and control.

## THE "WHY" - Benefits for the Players

**Stops Tactical Time-Wasting:**  
Prevents intentional kicks out for goal kicks, keeping game active.

**More Time Playing, Less Standing:**  
Faster restarts, more engagement, less waiting.

**Development of Core Skills:**  
Promotes dribbling, decision-making, and player confidence.

## CONTACT INFORMATION

## THE OFFICIAL'S ROLE - Managing the Game

**Use Simple Verbal Cues**  
Help players: "Corner kick, right here" or "You can dribble or pass"

**Facilitate the Space**  
Ensure defenders give space, keep it simple and calm.

**Support and Education**  
Grassroots players are learning, guide them through their options clearly.
