Discounted Therapy Packages

The standard fee of a one-hour therapy session is \$200.00, however you may choose to purchase a discounted package for more cost savings. The packages are only effective if purchased up front.

Package #1

Save \$45 when 3 sessions are purchased @ \$185/ hour for a total cost of \$555.00.

Package #2

Save \$100 when 5 sessions are purchased @ \$180/hour for a total cost of \$900.00.

Package #3

Save \$350 when 10 sessions are purchased @ \$165/hour for a total cost of \$1,650.00.

Packages never expire, however they are nonrefundable. These sessions can be used at your discretion, meaning you can choose how you want to schedule your sessions (twice weekly, once monthly, every other month, etc). I have many clients who choose to purchase a package and extend the sessions over the course of a year.
