YOU WRAP VEHICLES; WHY NOT TAKE YOUR UNIFORMS BEYOND THE LEFT CHEST LOGO AND TURN YOUR STAFF INTO BILLBOARDS.

ARE THE UNIFORMS YOU SELL MAKING OR COSTING YOUR CUSTOMER MONEY?

For most companies, the conversation on employee apparel is limited to how it functions. A simple means to create a cohesive and clean look for your company. The selection of uniforms is even simpler – go to a catalog, select a garment and put a simple embroidery or screen print on it.

Billboard Uniforms completely transforms this process – we are revolutionizing not only the what and how of selling hospitality and corporate uniforms but also the why!

We believe that every piece of branded apparel should be as unique as the business it represents. By pairing innovative product construction, exceptional quality, and performance-specific fabrics with custom state-of-the-art sublimation, Billboard Uniforms creates unequaled brand enthusiasm and revenue-generating opportunities.

Whether it's simple t-shirts or polos, accessories, jackets, or theme jerseys – we believe that consistent colors, branding, logo, and messaging are essential. Change the way you (and your customer) view employee apparel. Do not view it as an expense, but rather a way to generate revenue by creating fun, eye-catching "walking billboards".
