Tiffany Strawbridge Lee, MD

ABOUT US

Strawbridge Health is the Bridge to Total Wellness that is integrating the key components of what constitutes overall good health. This integrative approach not only improves individual health care quality; it also helps to improve the health of a community one household at a time. Strawbridge Health delivers detailed preventive, maintenance, and acute health services through a simple and affordable fixed monthly fee.

There are no hidden costs, prior authorizations, or insurance requirements associated with our services. Both employers and individuals are embracing the comprehensive approach that Strawbridge Health represents.

OUR SERVICES

Strawbridge Health offers an affordable program of quality medical services. We seek to engage our patients in an ongoing relationship that focuses on prevention and wellness, rather than just the treatment of illnesses.

WHAT TYPE OF PATIENTS BENEFIT

- Uninsured patients
- Underinsured patients
- Patients with high deductible plans
- Patients with insurance who want a personal relationship with their provider
