High Point Furniture Market 2021

The Highpoint Market is the largest industry trade show in the world. The latest designs are presented and new vendors are introduced, all in an atmosphere of energy and excitement. This year marked our company's first visit to Highpoint, where we were able to connect with old friends and make new ones."

Udyat Attendance at the Furniture Market

Representing Udyat at High Point Market, our VP of Business Development and Client Relationships Richard Klein

Staging Project in New York

Thanks to Ramon Nunez for representing us at this project in New York

Udyat Moving Department in Action

Our team of moving experts doing what they do best

Reflections by Richard Klein

My topic for this issue of our newsletter involves the “D” in Udyat, Dedication. While rooted in the heart and mind, dedication is demonstrated through our work habits. Dedication is what gets us to work early, has us stay late when necessary and motivates us to go the extra mile in terms of serving our clients and coworkers. Dedication, when combined with discipline and attention to detail helps us to nurture the quality of excellence, both professionally and personally, which in turn affects all areas of our lives. I invite us all to examine our level of dedication to our company, our clients and our team members and express it in all that we do.
