

Private Network for Communication
HYPE

Financial Technology Corporation(FTC) and Teachers 'N Tools, a division of FTC, offers OneScreen HYPE, a browser-based video conferencing platform for education, healthcare, government and business operations.

HYPE offers instant and secure video conferencing with anyone by just opening a browser. Some of its' unique features include transcription polling,multi-camera support, real-time dial out, live transcript and translation to multiple languages during a meeting, up to 9 video streams from different cameras, free, unlimited online training/technical support and can be purchased as a perpetual on-premise license offering a PRIVATE NETWORK for your school, business and organization!

HYPE is HIPPA, FERPA and NDAA compliant.

The joint venture with OneScreen, Microsoft and Qualcomm offers unimaginable opportunities that will take distance learning and private office matters to a more secure level.

"The world is a classroom." OneScreen HYPE leads the way in telecommunications offering easy and accessible opportunities for healthy and happy environments!

In our response to COVID-19, HYPE is offered FREE for six months! Please contact us at Financial Technology Corporation/Teachers 'N Tools, Tuscaloosa, to sign up for your free HYPE experience! [See a quick video about Hype.](#)
