

BGC EAST SCARBOROUGH & MAAT YOUTH INNOVATION & CULTURAL CENTRE

2023

ANNUAL REPORT

Message from Board President & Chief Executive Officer

GANESH NAVARATNARAJAH
BOARD PRESIDENT

UTCHA SAWYERS
CEO

IT TAKES A VILLAGE

Led by BGC East Scarborough, the Yemoja Village Affordable Housing Initiative is at the forefront of addressing the urgent need for affordable housing in East Scarborough. This area faces significant housing challenges, and our initiative stands as a beacon of hope, providing a solution to the national shortage of over 3.5 million housing units projected by 2030.

YEMOJA VILLAGE PROJECT

Situated at 62 Orchard Park Drive, Scarborough, the Yemoja Village Affordable Housing Initiative addresses the declining affordability of housing. Our aim is to provide equitable housing solutions for marginalized communities, with construction set to commence in 2025. This project is a crucial step towards community development and empowerment, standing adjacent to the MAAT (Mentoring Academic Arts Technology) Youth Innovation & Cultural Centre. This centre serves as a hub where youth aged 13-29 can explore their creativity and potential.

STATEMENT FROM JOHN MCKAY, MEMBER OF PARLIAMENT, SCARBOROUGH GUILDWOOD

"As we invest in expanding affordable housing, it's imperative to prioritize the most vulnerable in our society. Through the Rapid Housing Initiative, we're investing to ensure Canadians in Toronto and beyond have access to safe and affordable housing tailored to their needs. This entails collaborating with partners like the City of Toronto to ensure individuals facing various challenges have a secure place to call home. While today's announcement marks progress, we acknowledge there's more work ahead to address this issue."

BE BOUNDLESS - 2023 GHANA DELEGATION JOURNEY

In 2023, our BE BOUNDLESS Ambassadors, which included 2 members of our Board of Directors, embarked on a life-changing cultural exchange to Ghana as special guests to celebrate the Silver Jubilee Emancipation Day, and attend the land presentation for the first Boys and Girls Club of Ghana Community site in the Assin Achiase region, inspired by our Youth Leadership Exchanges in 2019 and 2022. Be Boundless Emerging Leadership Exchanges have allowed 42 youth, staff, and members from our community to explore, directly learn, and immerse in their history, culture, and identity, fostering a deeper understanding of their heritage and the world around them. Our staff engaged in train the trainer style workshops with local artists, traditional crafts professionals, and historians to support the development of the organization's culturally focused programs and services.

TRIP HIGHLIGHTS

ASSIN ACHAISE REGION

Participation in traditional enstoolment ceremonies where our CEO and delegation were honoured for their commitment to supporting the animation and development of a local Boys & Girls Club, which would model some of BGCES's programs and services for the local children and youth in Ghana.

MONKEY VILLAGE

Learning about local conservation efforts and tourism promotion.

TOGO AND BENIN

Visits to the Songhai Centre, a leading environmental and sustainability project, and the sacred Voodoo Temple and Python Temple in Kpasse.

GHANA

Tours of Kakum National Park, Cape Coast Castle, Assin Masso Slave River, W.E.B. DeBois house, and the Kwame Nkrumah Mausoleum.

IMPACT

The trip was challenging, emotional, inspiring, informative, and eye-opening. New friendships emerged, and the experiences led to unique discussions about life, music, economic development, health, and identity.

In 2023, in addition to our historical programs and services, Yemoja Village Affordable Housing Initiative and BE BOUNDLESS Leadership Exchange clearly exemplify our commitment to empowering our community, fostering a sense of unity, and addressing critical issues like affordable housing and cultural understanding. Together, we are building a stronger, more inclusive future for East Scarborough.

We look forward to continuing our work and sharing our progress with you. Thank you for your ongoing support.

Ganesh Navaratnarajah & Utcha Sawyers
President & Chief Executive Officer

BGC East Scarborough & MAAT Youth Innovation and Cultural Centre

A young boy in a brown firefighter costume with reflective yellow stripes is riding a red tricycle on a wooden gymnasium floor. In the background, a woman in a purple coat stands near a large window. A sign on the wall reads "UNTIL WE ALL WIN". The scene is bright and active.

CORE VALUES

INCLUSION AND OPPORTUNITY

We strive to offer children, youth, and their families from all economic, cultural, and social backgrounds access to resources, support, and opportunities that will empower them to overcome barriers and achieve their full potential.

RESPECT & BELONGING

We provide a safe, supportive place, where children, youth, and their families are treated with respect and are valued in an environment of inclusion and acceptance. Our staff and volunteers model honesty, fair play, positive attitudes, cooperation, and respect for self and others.

EMPOWERMENT

We believe all children and youth can grow into responsible, contributing, and self-reliant members of society. Through adventure, play, and discovery, we encourage and empower them to develop healthy lifestyles, a lifelong passion for learning, leadership, and a sense of social responsibility.

COLLABORATION

We work together with families, volunteers, and the community, by partnering with all levels of government and other organizations to create a strong, healthy, and vibrant community.

SPEAKING OUT

We speak out on behalf of children, youth, and their families to address injustices and the barriers that will enhance their lives and empower their voices and ideas to be heard.

EARLY YEARS SERVICES

Early Years Services offers inclusive programs, and integrated early childhood services, which are designed for children from birth to six years old. Through participation in these programs, parents and caregivers have the opportunity to connect with each other while gaining access to a wide range of resources, including highly motivated and qualified staff, and other professionals in their community. These resources support parents in their role as their child's primary educator and caregiver.

Highlights

The Reading Partnership for Parents program was offered virtually on Tuesday evenings. There was a very high demand for this program, and based on the numbers it seems to be growing in popularity.

The Early Years Enrichment program was offered in the spring and fall. Families enrolled their child for 10 weeks of experiences that focused on getting them ready for school.

Summer Camp for 4-year-old children was delivered in July and August exposing them to a wide variety of learning experiences, and engaging excursions into the community.

NUMBER OF INDIVIDUAL CHILDREN SERVED IN 2023: 492

NUMBER OF INDIVIDUAL ADULTS SERVED IN 2023: 500

Quotes

"We are so grateful to the staff of our local EarlyON for providing our children with high-quality and thoughtful programming each and every week. We've seen so much growth in our child's confidence and independence with the wide range of activities and play equipment available to him. My 2-year-old son can't wait to see his teachers each time we go! He has truly benefitted from his interactions with the warm and dedicated staff members who oversee the program and are committed to providing a positive learning experience for each child that enters the building. Thank you for all that you do and for being a central part of our community."

~ Angela, Parent

"My children have started to independently get ready in the morning and on time to go to the program. They are very eager and excited to go, as they don't want to miss a single day (even when they are sick). There has been a great improvement in their communication skills, and they are beginning to socialize with their peers. They also engage in sharing and turn taking. When they get back home, they explain in detail everything they did and show me the work they did that they are very proud of. They want to continue going to this program and are sad that it is ending soon."

~ Gaya, Parent

SUCCESS STORIES

EARLY YEARS ENRICHMENT PROGRAM

An hour after opening registration for our Early Years Enrichment Program it was filled. Eight families signed up and a waitlist was put in place for the next session.

The ten-week program saw participants experiencing a structured, stimulating environment that fostered independence. The activities were engaging with a strong focus on school readiness. Math, science, and phonics were explored, a nutritious lunch provided, and opportunities for outdoor play was a part of the daily schedule.

Parents received verbal reports on a weekly basis, and a mid and end of term progress report was also shared with the families. Parents had scheduled time to discuss their child's progress.

TRIP TO RIVERDALE FARM

On July 14th the families at our Corvette site went on a trip to Riverdale Farm. For many of them this was their first time experiencing an off-site excursion through the program, riding on a school bus, and going to a farm. There were 45 participants with a total of 17 families in attendance.

This was an amazing opportunity for families to spend time interacting with each other while out in the community. Everyone appreciated the fact that, post-COVID, they were now able to safely participate in excursions into the community, and beyond. These trips offered great opportunities for children's enhanced learning and social emotional development.

Licensed Childcare Services

Highlights

In November, the National Day of The Child was celebrated across the department. Educators were reminded of their promise to treat each child with dignity and respect. Through our programs, we can ensure that children occupy spaces where they have the opportunity to have their voices heard.

There were several opportunities for community, and parent engagement in the form of celebrations, including; The Terry Fox Run, National Day for Truth and Reconciliation, Granny and Me, outdoor picnics with families, and a few fundraising events for The Hospital for Sick Children, and United Way. Parents participated in programs by coming in to share cultural artifacts, reading to the children, tending the garden with the toddlers, hosting a tea party, and teaching the children a cultural dance.

Throughout the year, team building and training for staff was prioritized. There were events held after work hours, and a one-day conference that incorporated fun activities and learning for the team.

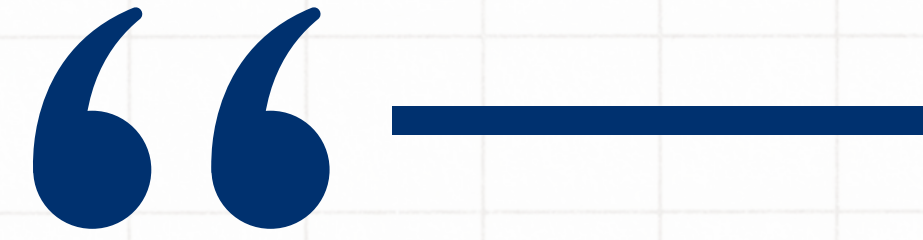

In our programs, knowledgeable and responsive educators ensure the healthy social, emotional, and intellectual development of children from birth to 12 years old. Our planned curriculum supports the full participation of all children. The environment provides opportunities for learning through active engagement, observations, experimentation, and social interactions. Parent involvement is celebrated, and we are intentional in the way that we engage with the communities that we serve, being aware of and respecting their uniqueness.

Success Stories and Our Impact

"We know Emma is so well looked after under the centre's care. It is a safe space where she is loved. It is evident when she looks forward to going (most) mornings and when she doesn't want to leave at pickup. It is also seen when she talks about her teachers and her day at home, especially at bedtime. We appreciate that her teachers meet her where she's at as well as us as parents. They go the extra miles to take any present concerns into consideration to keep us informed about her."

~ Jennifer, Parent

Educators and children in the preschool room at East Scarborough Childcare Centre, along with the coaches from Little Kickers Scarborough, embarked on a professional learning community experience. They all came together to explore a shared interest and passion for soccer to engage in the process of collective and collaborative learning.

Through participation in this exercise, the children built knowledge of soccer skills, along with social skills, cooperation, and gross motor development including coordination while using their feet to kick and dribble the soccer balls. The educators were co-learners in this experience since they were taught similar skills by the coaches.

By the end of the sessions, this group had grown relationships, and learned together as they were guided by the soccer coaches. This experience encouraged the staff to look for other ways to establish professional learning communities by partnering with organizations that offer services that benefited and enhanced the learning and development of the staff and children in our programs.

In commemoration of Remembrance Day, the children and educators in the school age program chose to honour the Veterans residing in the Chartwell Guildwood Retirement Home. This home has been in our community for many years and is familiar to some of the children that live in the neighbourhood.

After several lessons, and research on the significance of Remembrance Day, the children decided to visit the Veterans and present them with cards and a poster. The school agers designed and created the cards and poster; and arrangements were made for them to deliver the items to the Chartwell Residence. Due to the COVID restrictions that were still in place, the children could not have direct contact with the residents.

However, their token of appreciation was well received by the employees and displayed in the lobby for everyone to experience. The children were extremely proud of the work that was done for this project.

Children and Early Teen Services

The programs in Children & Early Teen Services are planned to work towards achieving our established learning outcomes by promoting personal and group growth. With our funders' support we are able to deliver focused and well-designed outcome-oriented programs that develop the child, in a safe, accessible, and fun way. Group leaders utilize HIGH FIVE principles to plan activities that promote physical, cognitive, language, social, and emotional growth and development.

Highlights

House of Hockey presented by Tim Hortons in partnership with MLSE was launched. Toronto Maple Leafs and partners Justin Bieber, his brand DrewHouse, and Tim Horton's created an accessible and inclusive ball hockey league, delivered at the Club, which breaks down traditional barriers that youth face when trying to participate in hockey, such as cost, ability to skate, and extensive equipment.

NUMBER OF INDIVIDUAL CHILDREN SERVED IN 2023: 1017

NUMBER OF INDIVIDUAL ADULTS SERVED IN 2023: 62

Quotes

"YSSI makes me feel powerful, it makes me feel like I can express myself, it makes me feel like I'm seen, and I'm heard."

~ Kira, YSSI Program Participant

"I think it is important to be a part of a program made for Black students because it is a safe place where you can go knowing that no one is going to look at us or judge us as if we are criminals."

~ Sadavia, YSSI Program Participant

"My favourite part of Afterschool Program is all of the fun activities we do. I love using the computer lab with my friends. There are so many art supplies that we get to use to create with. The staff are also very nice."

~ Layla, Galloway Afterschool Program Participant

"I am really enjoying my time here at BGC. Everything about it is fun! I have learnt a lot about working with children; how they function, communicate, and manage their emotions. I like how each of the children are different, so you get a difference experience every day."

~ Nevaeh, Afterschool Program Leader

"Training for soccer in multi-sport program helped me prepare for soccer try-outs at school. It helped me so much, that I made the team!"

~ Kenna, Multi-Sport Program Participant

SUCCESS STORIES

YOUTH SCHOOL SUCCESS INITIATIVE

Gabby McFarlane was the most outstanding student in our Youth School Success Initiative program last year, displaying exceptional qualities that will continue to lead her on the path to success. Gabby is a focused and determined individual who prioritizes her academics receiving A's in every subject. Our main objective for students in YSSI is to help improve their grades, learn new skills, and prepare them for high school. Gabby was a student who always took the initiative in completing assignments and had high expectations for herself.

Gabby was recognized by her teachers and peers as a top-class athlete in her school participating in various sports teams such as basketball, volleyball, track & field, flag football, and ultimate frisbee. She enjoyed playing each of these sports, but her passion was track & field as she was considered to be the fastest in her school, competing for regionals in 100m, 200m and 400m relay.

Although Gabby lives in a tough neighbourhood with her Mother and younger sister, she remained committed and persistent in achieving her goals, not allowing adversity to hinder her future. At our YSSI showcase last year, Gabby won a Tech Scholarship Award receiving a laptop, headphones, and school supplies to help her transition into high school. In addition, she also received the 'Star of the Year Award' for being the best all-around student/individual in our program. Gabby has a bright future ahead of her, and with the incredible attributes and traits she possesses, she will continue to flourish and accomplish anything she puts her mind to.

GALLOWAY BREAKFAST & AFTER SCHOOL PROGRAM

Avery joined our Breakfast and Afterschool Program in early 2023. In the beginning of her time with us, she had issues regulating her emotions. She was not making connections with her peers and did not trust her staff. Through the consistency of her staff, she began to open up. First it was only with a few members of our team, but it then grew to more and more of her program leaders. We now have minimal issues with her behaviour and she is more open to participating in program. Avery has created friendships that she carries with her into the school day. She has joined the sports programming that we offer in the evenings and attends PA Day and Summer Camp programs. We are so proud of her progress and cannot wait to see what 2024 has in store for Avery.

Youth & Community Outreach Services

The MAAT Youth Innovation & Cultural Centre emerged from BGC East Scarborough's visionary Chief Executive Officer, backed by unanimous Board support. Focused on empowering Black, Indigenous, People of Colour communities, this centre provides a safe haven for youth aged 13-29 to explore creativity, integrate academics, career, family, and social life, fostering personal development and positive community impact.

TOTAL NUMBER OF INDIVIDUAL YOUTH SERVED IN 2023: 1153

TOTAL NUMBER OF INDIVIDUAL ADULTS SERVED IN 2023: 126

Highlights

Taddy Kabba won BGC Canada Youth of the Year. She was BGC East Scarborough's third youth to win the award in 3 years.

MAAT initiated the Good Food Market where we sell fresh fruits and vegetables to the community at a competitive price.

The Club opened its NBA Reach Employment Program funded by the NBA that is the only one of its kind in Canada.

Emanuel, a newcomer who participated in the Skills4Success Program, has now enrolled in college to study IT.

TJ, who participated in the Reach Employment Program, was hired as our Cross Community Worker in the Youth Violence Prevention Program.

Success Stories

"I came to the MAAT Centre to study because it is free and a cool place. It is very close to my home and the staff are very nice to me. Since coming to the MAAT Centre my grades have been improving."

~ Kabinash, Youth Program Participant

"I like to come to the MAAT Centre because the staff are nice, they have good food and snacks, and the overall experience is good."

~ Isaiah, Youth Program Participant

"I like coming to the centre because they have cool stuff and I like the staff. It's also a place where I can come to get some peace."

~ Cass, Youth Program Participant

TJ, a dedicated member of BGC East Scarborough since the age of 13, who worked at the Club in the After School Program, joined the Reach Employment Program in his 20's. With determination and support, he successfully navigated the program, acquiring valuable skills and insights. TJ has come full circle, and now works as a Cross Community Worker in the Youth Violence Prevention Program with the Club. His journey is a testament to the transformative power of mentorship and community engagement, proving that with the right opportunities, one can overcome challenges and emerge as a successful and contributing member of society.

Taddy, a remarkable young woman whose journey with BGC East Scarborough has been nothing short of inspiring. From her early days as a wide-eyed girl joining the Club to becoming the Youth of the Year, Taddy's story is a testament to dedication, leadership, and community spirit. Taddy is in her second year of university and is the President our Youth Council at BGC East Scarborough.

Volunteer Services

Volunteer Services provides ongoing support to the programs, services, and activities offered at BGC East Scarborough. Volunteers support both staff and members of the agency. Our volunteers assist with program delivery, mentorship, tutoring, special events, administrative tasks, and with the general up-keep and maintenance of the facility.

A major component of the department is to provide a quality and comprehensive student internship/placement experience for high school, college, and university students. Students completing an internship/placement receive practical training that prepares them for the "world of work", while assisting the organization with fulfilling our commitment to mentorship and coaching of future professionals.

We are also thankful for the continued support of our corporate volunteers and donors who supported with the preparation and revitalization of program spaces, and who worked as a corporate team to assist us in providing gifts and toys for children and youth in our community.

Diversity Equity & Social Impact

BGC East Scarborough strives to promote diversity and equity through projects designed to engage staff, members, and the community and provide leadership in positive social impact. This includes our Older Adults Program, which focuses on the four pillars of wellness; physical, social, mental, and technological.

Highlights

On May 1st, in partnership with Anna, The Indigenous Support Project Founder and Executive Director, we began the process of creating our Indigenous Garden at the Club. What an exciting and awesome opportunity for us to be able to plant and harvest our very own Indigenous medicines, fruits, and vegetables from this region. This is an important project for us as it pays tribute to and honours Residential School Survivors, Missing Indigenous Children, and Indigenous Women. This project supports BGC East Scarborough's commitment and dedication to Truth & Reconciliation.

TOTAL NUMBER OF INDIVIDUAL OLDER ADULTS SERVED IN 2023: 100

Quotes

"I look forward to doing my exercise classes every day. The drawing class is an enjoyable activity to share amongst other members."

~ Janice, Older Adults Program Participant

"The Boys & Girls Club is a fantastic resource for seniors. During the pandemic, it provided Zoom classes that allowed us to maintain our social connections when we were physically isolated, and it provided a wide range of classes that allowed us to maintain our fitness. It has continued to provide us seniors with a venue to maintain friendships, fitness and new skills. I highly recommend the Boys & Girls Club to any senior."

~ Jackie, Older Adults Program Participant

"Congratulations on the wonderful job Chitra has been doing as Coordinator of this program. You have always been kind, courteous, and responsive to our calls for help. I take part in yoga classes, which I enjoy tremendously. The breathing, stretches, and balancing has been a great way to control my asthma."

~ Zamina, Older Adults Program Participant

"I would like to take this opportunity to thank Chitra for being so wonderful. Your program is one of the highlights of my life. It's always a pleasure to be with the group. I really appreciate the time spent with other seniors. These get togethers help us as seniors to mingle with each other, also to keep Alzheimer's at bay. Thanks again and I sincerely hope that these programs continue. As seniors it's always a pleasure for us to mingle with each other, learn from each other or just have someone to talk to. We all appreciate all that you do for us seniors."

~ Theresa, Older Adults Program Participant

Inclusion Services

Inclusion Services supports the inclusion of children with extra support needs in their community programs. Inclusion Resource Consultation supports children in licensed child care programs. Families in Settlement Together, a partnership program with Catholic Crosscultural Services, offers programs and services to newcomer families. Saturday Inclusion Programs include Circle of Friends, a sensorimotor gym program, and Connecting with Friends, a social skill building program. All of these programs embrace the principles of inclusion to support the success of children and their families.

Highlights

Inclusion Facilitator created a new Connecting with Friends program to support social skill development for children, 4-12 years old, with extra support needs.

Families in Settlement Together concluded their fiscal year having reached 110% of their program targets.

Inclusion Resource Consultation supported the Hanen Mentoring Program for Resource Consultation Staff across the city.

Inclusion Services led a cross-department collaboration to develop and deliver 3 workshops for Parents in the community.

Vision

Children and youth in East Scarborough will discover and achieve their dreams and grow up to be healthy, successful, and active participants in society.

Mission

To be a trusted partner building successful families in our community by providing a safe, supportive place where children, youth, and families experience new opportunities, overcome barriers, develop positive relationships, and build confidence and skills of life.
